Founded by Merritt & Carita Mosby May they Rest In Peace

Merritt Mosby Carita Mosby
4/27/1933 - 4/25/2016 12/25/1936 - 3/25/2021
51 Years, WOW !!

This legacy began 51 years ago with a Ticket, today supporting 65 Families and (2) Operating Units in (2) States. Merritt went to be with the Lord in 2016, Carita joined him in 2021, they are together again in heaven and in the presence of the Lord.

Below, a little about our Founders:

Carita, One of nine children, Carita was born December 25, 1936 on the family farm in North Dakota where she spent her childhood. Carita came to California in 1952, where she met Merritt Mosby in Berkeley. Merritt and Carita married, had 3 children, and settled in the Bay Area where they raised their family. Merritt on the other hand was born in San Francisco on April 27, 1933 and raised in Northern California. After enlisting in the Marine Corps and serving two tours in Korea, Merritt returned to the Bay Area where he and Carita met, he eventually began driving a logging truck and then into heavy haul in the 1960's.

Merritt and Carita founded two successful family businesses that proudly carry her name, Ms. Carita, Inc. and Ms. Carita Safe Truck, Inc. Carita and Merritt were pioneers starting their own business in the early 70's not only in filling a need in the Heavy Haul Trucking Industry, but also to use the personal title of "Ms." In the business name. 51 Years later Ms. Carita continues as a quality and recognized brand globally.

In their retirement years Carita and Merritt bought a diesel pusher motor coach and moved to Florence, Oregon They spent over twenty years exploring the wonders of this great Country, while making new friends along the way.

Carita greatly enjoyed traveling with Merritt who was former National President of the American Coach Chapter of the Family Motor Coach Association, and the Past President of both NorCal and Northwest Chapters of the American Coach Association.

Merritt and Carita were active in the church and in the community as members of the Elks, American Legion, Disabled American Veterans, Veterans of Foreign Wars, and a member of the Kilroy Corps (Oregon Coast Military Heritage Museum),

Carita was always known for her big heart, her generosity and warmth, her quick wit and sense of humor. These were embellished by her keen ability to tease out the ironic, and the comic, in her observations and conversations with those around her. Simply put, her quick smiles, the twinkle in her eyes, and honest personality, made a person happy to be with her and to know her. These wonderful attributes stayed with her in force during her amazing life and inspired many of those that knew her. Merritt's footprint continues to this day in his drive that "Good Enough Isn't", "Proper Prior Planning Prevents Piss Poor Performance" and to always strive to "Go Above and Beyond" for our People and our Customers. These beliefs carry on in our Core Values to this day, 51 Years, after the ticket that started it ALL.

Happy 51st Anniversary !!!

Bigger. Stronger. Safer. **COMPARE**

Ms. Carita SafeTruck has been the industry leader in OVERSIZE products, for the Heavy Haul Industry. When it comes to Over Dimensional banners, signs, and Safety Flags, we have the best quality in the business. We also have the widest variety of products to choose from for a specific application or region. Our skilled technicians use only the best materials and can also build customized products for those hard to fit applications. That's what we do.

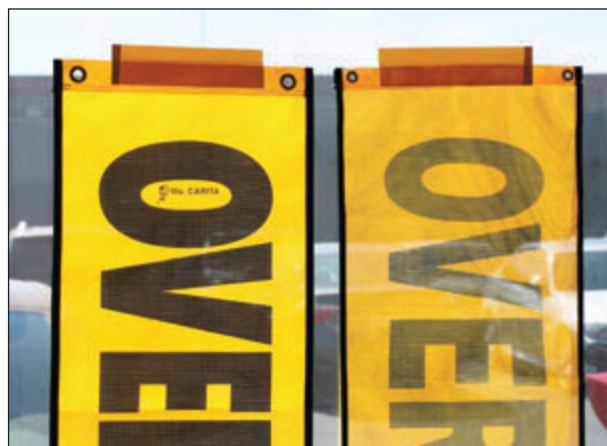

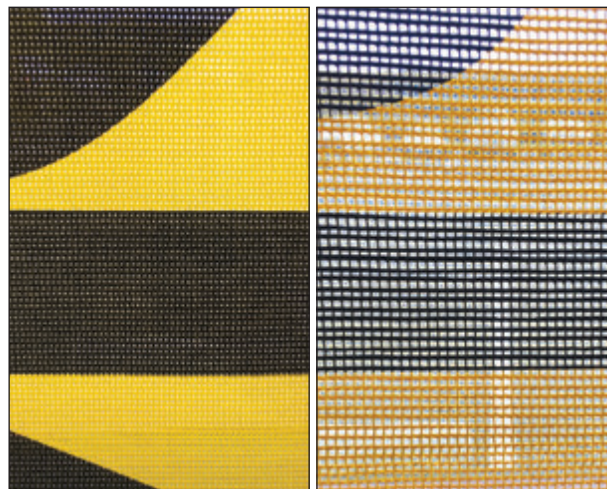

There are many companies that have tried to copy our products - none have been able to compete. We set the industry standard forty five years ago and no other line has even come close.

Below are just a few quick comparisons. Please visit our website for more comparisons that separate us from them.

**THE BITTERNESS OF POOR
QUALITY REMAINS LONG
AFTER THE SWEETNESS OF
LOW PRICE IS FORGOTTEN.**

SafeTruck

Competitor #1

Thicker edge binding, always double stitched, and heavy duty grommets.

Safetruck by Ms. Carita

Competitor #1

GROMMETS	#5 toothed, set with 90-lbs of pressure through two layers of material	#3 toothed, set through a single layer of material
STITCHING	Reinforced Double stitching	Single stitching
MAGNETS	Epoxy filled for stronger product	No epoxy filling, allows magnets to crack and fall out
MESH MATERIAL	12 yarns per SQ/IN 30% stronger material Visible in all lighting conditions	9 yarns per SQ/IN Difficult to see in many conditions
INK	High quality printing on banners Does not bleed through	Poor print quality Bleeds through
BUNGEEES	Heavy duty 3/8" bungees	Low quality 1/4" bungee
STAFF FLAGS	Sewn pole pockets for a better, stronger flag	Material rolled around staff & stapled, high chance of failure

NEW PRODUCTS

OVERSIZE LOAD TRI-HINGED ALLUMINIUM SIGNS

These new Tri-Fold Aluminum signs fold flat to 1/2" x 18" x 22" and are available in plain yellow background or a high intensity reflective material.

SOLID VINYL BANNERS

Our Vinyl Banners are exceptionally strong and durable. Printed on 13 oz. vinyl-laminated polyester, they are tear and fray resistant. Fitted with large #5 toothed grommets or heavy 3/8" bungee cords. Grommets have a 9/16" center hole and are set with 90 lbs of pressure.

Bungees are 18" with coated steel hooks. Our 18"x 84" banners exceed AASHTO requirements for all 50 states. All banners are double-stitched.

"The banners have done a great job. I have only purchased one set and they have put up with 60mph wind just fine. I've been running these for 3 years and I can still use them!"

~Brian - Prescott, AZ

MESH BANNERS

Our mesh banners are made of 9 oz. vinyl-coated polyester that allow up to 30% airflow for less wind resistance. All mesh banners are double-stitched with edge binding top and bottom.

"I run local for a demo company. We've been using SafeTruck Banners and Flags for a while now. These products are pretty widely available and last longer than the competition."

~Steve - Springfield, OH

"I like SafeTruck products because they last and are built strong. I use them every single day. They are great products!"

~Albert - Bloomer, WI

WOOD SIGNS

Our wood signs are made from premium quality 3/8" DMDO (double medium density overlay). We seal the edges and prime the surface before coating with enamel. After printing they are top-coated to ensure a long service life. All Wood Reflective Signs are made with our High Intensity Reflective Material.

"Fit and finish they are just the best quality products. Flags last a long time, signs hold up for a couple of years. I have not ran across anything that compares."
~Dennis - Yuba City, CA

"Easily acquired and a great quality product with a highly reputable name standing behind it."
~Jesse - Patterson, CA

SINGLE-SIDED ALUMINUM SIGNS

Aluminum signs are made from .090" premium quality aluminum. Hinged aluminum signs can be bolted to bumpers and folded down when not in use. All Aluminum Reflective Signs are made with our High Intensity Reflective Material.

"Here at D. Hill Trucking, we have been using these reflective signs for 15 plus years on all of our trailers and they hold up very well to the weather and abuse of heavy hauling."

~Jason - Tracy, CA

BANNER BRACKETS

FLATBED TRAILER BANNER MOUNTING SYSTEMS

Mounting brackets are great for SafeTruck bungee banners

Universal Banner Brackets

- Mounts to sides or rear of trailer
- Removable posts for easy storage
- Yellow powder coat finish
- All hardware included

P/N: MSVB101 (Universal Banner Brackets)

Stake Pocket Banner Brackets

- Fits most trailer pockets
- Solid one piece construction
- Easily transferred between trailers
- Yellow powder coat finish
- No more 2x4's needed

P/N: MSVB201 (Stake Pocket Banner Brackets)

P/N: MSVB101

P/N: MSVB201

Banner Bracket Strobe Mount

- Fits all SafeTruck Banner Brackets
- Rubber Plug locks into mast (like a freeze plug)
- Yellow powder coat finish

P/N: MSVB301 (Banner Bracket Plate)

U.S. PATENT 11,176,852

Strobe Light available, see Page 32.

THE EZ MOUNT[®] FLAG ASSEMBLY KIT

EZ-MOUNT FLAG ASSEMBLY KIT

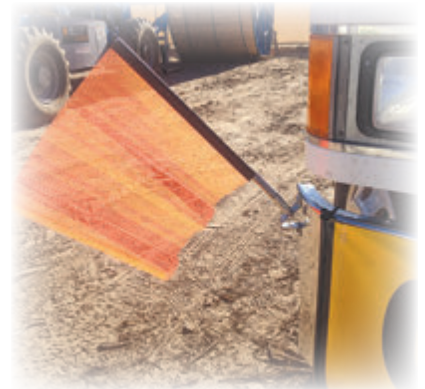

The EZ-Mount Flag Assembly Kit is machined from stainless steel with a solid aluminum rod and features a stainless steel spring receiver. Allows for quick connect and disconnect to the EZ-Mount Bracket.

Features:

- Kit contains all parts needed for installation
- Jersey flag sewn directly to welting
- Stainless steel bracket
- Provides a 45° or 90° angle for mounting the flag assembly
- Welting allows for free rotation of flag on the staff
- Stainless steel spring receiver for fast connect/disconnect
- No need for bungees or clamps
- Mounting hardware included
- Double stitched for extra strength

P/N: FZK300C RED FLAG KIT

P/N: FZK700C FLO-ORANGE FLAG KIT

RETAIL READY PACKAGING

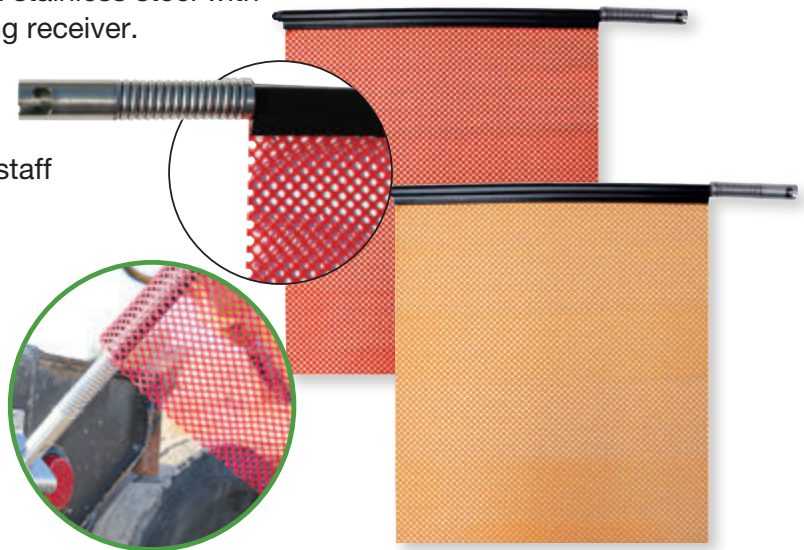

EZ-MOUNT FLAG ASSEMBLY

The EZ-Mount Flag Assembly is machined from stainless steel with a solid aluminum rod and a stainless steel spring receiver.

- Jersey flag sewn directly to welting
- Welting allows for free rotation of flag on the staff
- Stainless steel spring receiver for fast connect/disconnect
- Double stitched for extra strength

P/N: FZA300C - 18" RED FLAG ASSEMBLY

P/N: FZA700C - 18" FLO-ORANGE FLAG ASSEMBLY

EZ-MOUNT REPLACEMENT FLAGS

EZ-Mount Replacement Flags provide simple flag replacement.

- Available in Red and Flo-Orange jersey flag material or vibrant safety Orange knit material
- Material sewn directly to welting
- Welting allows flag to rotate freely on staff for highest visibility and easy replacement
- Replacement nut included
- Double stitched for extra strength

P/N: FZR300C - 18" RED REPLACEMENT FLAG

P/N: FZR700C - 18" FLO-ORANGE REPLACEMENT FLAG

P/N: FZR800C - 18" MAX DUTY REPLACEMENT FLAG

EZ-MOUNT BRACKET

The EZ-Mount Bracket is a stainless steel bracket that mounts to the truck or trailer.

- Stainless steel bracket
- Provides a 45° or 90° surface for the 5/8" stainless steel EZ-Mount stud
- Mounting hardware included

P/N: FZB101 - BRACKET

STAFF FLAGS

All staff flags have sewn pockets with a 3/4" x 30" wood dowel.
Four sizes, two colors, and four different materials to choose from.
Each flag is double-stitched with a reinforced hem.
Unbreakable plastic staffs are also available (see page 25).

3/4" diameter dowel.
Attaches with our
Flag Bracket Pipe or
Flag Bracket Clamp
(see page 27).

AIRPORT FLAGS WITH GROMMETS AND POCKETS

Strong grommets and stitched pole pocket.
Hemmed on all four sides. Required on construction vehicles working at airports.
(Size: 36" x 36")

P/N: MSAF-101

**Accepts up to 1" Diameter Staff*

OUT OF SERVICE WARNING FLAG

High visibility 18" fluorescent orange knit polyester flag. A great way to prevent accidental hook-ups to an out-of-service trailer.
Get your trailers marked and noticed effortlessly.
Ideal for use with our popular Flag-Mag. (Page 26)

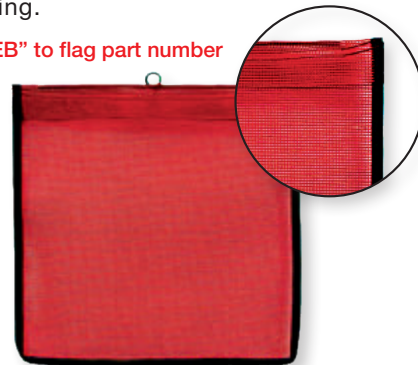

P/N: FW500C-OOS

EDGE BINDING

All mesh flags are available with sewn-on black 5/8" edge binding.

P/N: Add "EB" to flag part number

CUSTOM PRINTED FLAGS

Flags can be custom printed with your company's name, logo, phone number, etc.

Minimum run 100 pieces.

Call or Email us for more Information
(800) 573-1261 OR
orderdesk@safetruck.com

UNBREAKABLE PLASTIC FLAG STAFF

No more broken staffs!

3/4" x 30" polypropylene tubing will bend but not break.

P/N: Add "PS" to flag part number

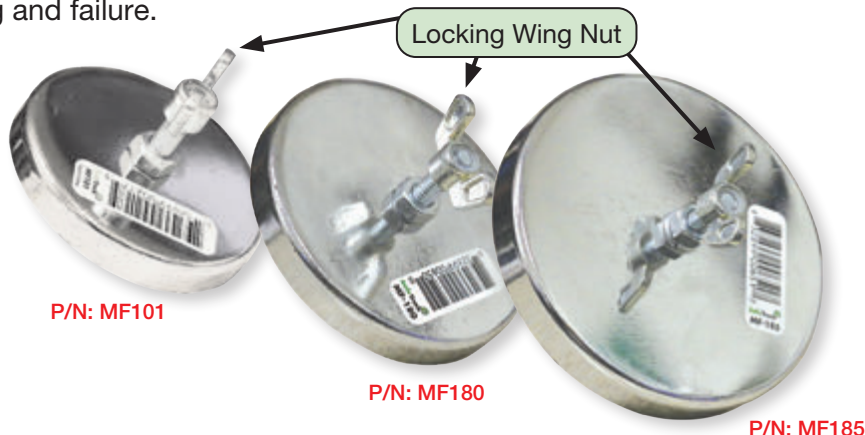

FLAG-MAGS

Great for attaching our wire loop flags to trailers, machinery and flat steel surfaces. Three sizes of chrome cup magnets with 80, 110 and 120 lbs. of pull on 1/2" steel. Extra epoxy added around magnet to help prevent cracking and failure.

VIZION™ 1 HARD HAT LIGHT

For superior hands-free illumination in every situation, count on the Vizion™ 1.

- Waterproof to 15 feet
- Intrinsically safe
- Proprietary Compound Path Optics (CPO) permits high efficiency and compact size
- Thermal Recovery System recycles heat from the LED to warm batteries for improved performance in low temperatures
- Remarkably lightweight and waterproof design for all weather use
- 3 selectable beam patterns - Spot, Diffused and Red Diffused
- High and Low power settings
- Large push button control switch works with heavy gloves
- LED lamp module can be removed from mounting strap for use as a portable work light
- Rotating beam angle adjustment knob, no hinge to break
- High impact ABS, LEXAN® and molded rubber construction for durability
- Fits any hard hat
- Requires 3 “AAA” batteries (included)

P/N: MS17018

MAGNETIC TOW LIGHTS

- High quality, low cost
- Adjustable rubber heads with sealed lamps
- 30 ft all weather cable
- 4-way die-cast plug
- Great for towing cars, trailers and dollies

P/N: MTL101

PORTABLE SAFETY LIGHT

- Compact and portable (size: 4.75" x 3.90")
- 24 ultra-bright LEDs
- Visible 360-degree lighting
- Includes carrying strap and magnetic base
- Optional use photocell
- Runs on two “D” batteries for 300-400 hours (batteries not included) (See page 52 for batteries)

P/N: PSLM2-A

This magnetic portable strobe light easily installs to our Banner Brackets with the Strobe Mount attachment. See Page 17.

All of our wide turn kits are CHP and D.O.T. approved under section #108 and are made from 18-gauge galvanized steel construction.

LEFT OR RIGHT WIDE TURN SIGNAL

- 8" amber arrow, 12 volt
- 8" x 15" D.O.T. decal approved statement
- Replaceable 1156 bulb
- Overall Size: 8" x 24"

Left - P/N: MSGL101
Right - P/N: MSGR101

UNIVERSAL WIDE TURN SIGNAL KIT

- 8" amber arrow, 12 volt
- D.O.T. approved decal
- Fits on trailers with skirts
- Replaceable 1156 bulb
- Overall Size: 8" x 18"

“WHEN HAND TIGHT ISN’T TIGHT ENOUGH!”

THE TIE DOWN RATCHET WRENCH

- Solid steel construction
- Heavy-Duty rubber handle
- Compact and easy to carry
- Built tough to last longer
- Made in the U.S.A.

P/N: MST115

RETAIL READY PACKAGING

TANDEM AXLE STOP

The Tandem Axle Stop is designed specifically for adjusting your tandem axles. The Tandem Axle Stop fits both old and new suspension types so it's ideal for the fleet driver who pulls a different trailer regularly. The double ends also act as a counter balance to keep it firmly in place while sliding the frame to the desired location. P/N: MST110

- **START** getting it right the first time, every time.
- **START** adjusting your tandems without a spotter.
- **STOP** guessing where to stop while adjusting your tandems at the scales or for tight curvy roads.
- **STOP** climbing in and out of your rig multiple times for each adjustment.
- **FITS** both 1.5" and 1.75" frame holes.

RETAIL READY PACKAGING

How it works:

1. Release and latch the tandem retaining pin lever.
2. Place the Tandem Axle Stop in the hole next to where you want the tandem retainer pins to catch.
3. Lock your trailer brakes.
4. Pull forward or reverse until the tandems hit the Tandem Axle Stop.
5. Ease pressure off the Tandem Axle Stop just a little so it is easier to remove.
6. Unlatch and reset the tandem retaining pin lever, locking-in the pins.
7. Remove the Tandem Axle Stop and go.

THE EZ STEPPER IS EASY TO USE, CLIMB AND STORE!

Specifications and Benefits:

- Fits all major truck tires
- Lightweight construction: 15 lbs.
- Dimensions: 24" (W) x 25" (H) x 2" (D)
- Maximum capacity of 400 lbs.
- All steel construction
- Powder coat finish
- 3 steps with safe non-slip tread
- Easy to transport and store with compact and foldable design
- Easily access hard-to-reach windows and flatbeds
- Designed by the trucker, for the trucker

MIRROR MITTS

Helping to prevent accidents before they happen.

The Mirror Mitt is a safe way to protect technicians servicing trucks. For 6 years, Mirror Mitts have been a safety tool used by some of the largest transportation companies in North America and Canada.

Mirror Mitts consist of two thick pieces of moisture proof, OSHA yellow foam bonded together with Velcro one-wrap and a large safety message printed on both sides.

Mirror Mitts will:

- Reduce work related injuries
- Promote safety in the workplace
- Reduce the number of workers' compensation claims
- Show inspectors that you are safety conscious in your workplace, which makes the inspection process easier on your company
- Easy to use. Just grab on to both sides, squeeze on then squeeze off
- For use on front mirrors or hood mounted bullhorn mirrors

P/N: MSMM-101 (Sold In Pairs)

WORKPADDS™

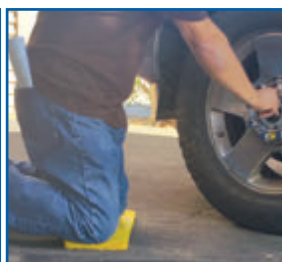

WORKPADDS™ are a soft but firm, SUPER comfortable, flat kneepad built for safety. An ultra soft solution to cold, hard surfaces. Take the pain out of working on vehicles, equipment, or stocking shelves.

Safety WORKPADDS™ are treated foam rubber for light work, home or recreational use.

- Will not absorb moisture
- Will not split, crack, or dry out
- Easy to clean
- Durable material for a long life
- Built-in handle for carrying or hanging
- 18" Long x 7" Wide x 3/4" Thick
- Custom Printing Available upon Request

(Does not include Placard Holder)

5-PANEL DUO-FLIP PLACARD

The duo-flip system features 5 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials in bulk. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. The numerals flip easily to give you any combination of 4-digit numbers. This system is available in bright mill finish.

The system includes:

- Corrosive 8
- Flammable 3
- Poison 6
- Combustible 3
- Blank Panel

P/N: 126CT

9-PANEL DUO-FLIP PLACARD

For the ultimate in convenience, flexibility and time saving, the 9-panel duo-flip placard allows you to change both D.O.T. placards and ID numbers in seconds to match your commodity.

This duo-flip 9-panel placard system includes 9 placard panels in a single frame.

.032 aluminum alloy placard panels slide over easily on four aluminum hinges.

Notches in the aluminum panels allow you to flip numerals without interference.

Panels lock in place with four stainless steel pressure fasteners.

The system includes:

- Inhalation Hazard 2
- Flammable Liquid 3
- Poison 6
- Combustible 3
- Oxidizer 5.1

- Inhalation Hazard 6
- Corrosive 8
- Miscellaneous 9
- Blank Panel

P/N: 126CTP

SLIDE MASTER ALUMINUM PLACARD HOLDER

These slide in placard holders feature the easy-off ramp, an innovative design that glides placards over the retaining clip so they slide out without a hitch. Placard holders are suitable for metal, tag board and rigid vinyl placards. This aluminum holder has a bright mill finish.

P/N: 80SMP97

8-PANEL STANDARD FLIP PLACARD

This Heavy Duty Flip System includes 8 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. Available in bright mill aluminum finish or white.

The system includes:

- Poison 6
- Non-Flammable Gas 2
- Oxidizer 5.1
- Dangerous
- Flammable 3
- Flammable Gas 2
- Corrosive 8
- Blank Panel

17-PANEL PLACARD SYSTEM

The full frame placard system includes 17 placard panels in a single frame. The frame is constructed of corrosion-resistant fully formed rigid aluminum. Even under the toughest road conditions this placard provides superior durability. Self-contained placard panels are constructed of aluminum alloy. Panels lock in place with 4 double-riveted stainless steel pressure fasteners. Changing D.O.T. placards when your load changes is as easy as the flip of a panel. This system eliminates the hassle and expense of replacing placards so D.O.T. compliance is at your fingertips.

The system includes:

- Dangerous Flammable Gas 2
- Poison 6
- Non-Flammable Gas 2
- Corrosive 8
- Flammable Liquid 3
- Oxidizer 5.1
- Organic Peroxide 5.2
- Explosive 1.4
- Spontaneously Combustible 4
- Flammable Solid 4
- Inhalation Hazard 6
- Dangerous When Wet 4
- Blasting Agents 1.5D
- Miscellaneous 9
- PG III
- Inhalation Hazard 2
- Blank Panel
